**Parent Information Sheet for
*Incoming Kindergarten Students***

The information you relay to us on this sheet will be used to assist the administration and staff with the student placement process for the next school year. Your input is important information which will be carefully considered in the development of class lists. We use this information along with what we have learned about your child through Child Outreach. Our goal is to place each student in the best environment to maximize his or her educational and social growth.

We cannot honor specific teacher requests. However, we ask that you provide as much detailed information about your child as possible to ensure a placement tailored to his or her individual needs.

1. What would you like us to know about your child's personality? For example, is s/he shy? Easily overwhelmed? Confident in new situations?
2. What would you like us to know about your child's talents and interests? Ex. Does s/he play an instrument? Participate in sports? Enjoy science?
